

**RCW 18.71.200 Emergency medical service personnel -- Definitions.**

As used in this chapter, a "physician's trained emergency medical service intermediate life support technician and paramedic" means a person who:

- (1) Has successfully completed an emergency medical technician course as described in chapter 18.73 RCW;
- (2) Is trained under the supervision of an approved medical program director according to training standards prescribed in rule to perform specific phases of advanced cardiac and trauma life support under written or oral authorization of an approved licensed physician; and
- (3) Has been examined and certified as a physician's trained emergency medical service intermediate life support technician and paramedic, by level, by the University of Washington's school of medicine or the department of health. [1995]
